

The Man Who Tattooed Django Reinhard's Name In His Arm

(Music: Antti "Gona" Lehtinen, Lyrics: Tero Arteli 20.11.2004)

He got sixtynine Telecaster with cam and all the gadgets,
to use that beauty in the gig, is maybe some kind of madness.
But He stick the thumblepick on finger,
start to play like a stinger,
and He got tattooed - Django Reinhard's name in his arm.

I saw Him play in the pub, with a trio - in the mood,
and I'm wondering how the time seems to be stood.
Upright bass is slapping time,
singer sung up, like in pain,
and He got tattooed - Django Reinhard's name in his arm.

The band is sounded really fifties and the feeling was in roof,
guitar playing rocking sound, "what HE have to proof?"
Solos gomeing up and down,
all the good songs on the flow,
and He got tattooed - Django Reinhard's name in his arm.
